COURSEWORK

UNDERGRADUATE

Operating Systems

DBMS

Algorithms

Data Structures

Compilers

Software Engineering

Artificial Intelligence

Networking

SKILLS

PROGRAMMING

• C • C++ • Python • Scala

• JavaScript • Matlab

Familiar:

• HTML • CSS • Rails • MySQL

Platforms:

• Linux • Windows

HOBBIES

- Competitive Programming
- Reading books • Cricket
- Playing Tabla

EXPERIENCE

MICROSOFT | SOFTWARE ENGINEER II

Jan 2021 – Present | Noida, U.P

- Microsoft Stream is a platform to drive engagement and productivity with videos. I worked on migrating Stream to One Drive for Business and Sharepoint. All the migration was done real-time without any downtime or data loss.
- Built a pipeline in order to get reports for migration and migrate videos of total size 60 PB along with their metadata and permissions.
- Built solutions to modernize and standardize application development and infrastructure management approaches across M365 services in Microsoft for increasing cloud deployment velocity.

SUMOLOGIC | SOFTWARE ENGINEER II

July 2017 – Jan 2021 | Noida, U.P

- Experience in developing an extremely scalable system which handles 120+ PB of data per day.
- Worked on improving the performance and scalability of our cloud collection infrastructure. Worked closely with databases focusing on how to make them scale truly.
- Worked on preventing data loss and data duplication when dealing with large amounts of data without compromising on the performance of the system.

SUMOLOGIC | SOFTWARE ENGINEERING INTERN

June 2016 – July 2016 | Noida, U.P

- Worked on efficient partition creation to avoid duplication of data in various partitions.

PROJECTS

TOUCHLESS TYPING | B.TECH PROJECT

Feb 2017 – June 2017 | NSIT, Dwarka

Worked with **Prof Sushama Nagpal** to create a system which can recognize characters fed into it using an IR emitter. The recognition is done using CNNs and an accuracy of 97% was achieved on the custom dataset. The paper was accepted and presented in MLN'2018.

HOSTEL MANAGEMENT SYSTEM | HEAD BACK-END DEVELOPER

Feb 2016 – April 2016 | NSIT, Dwarka

Worked with **Prof S.P Singh** to create **NSIT HMS**, a single website for all the hostels of our college to automate all the work regarding hostel admissions and related services.

AUTOMATIC TABLA PLAYER | UNDERGRADUATE RESEARCHER

Oct 2015 – Dec 2015 | NSIT, Dwarka

Lead the development of **Automatic Tabla Player**, a software to play Tabla on a given song with **Prof Shampa Chakrobarty** when provided with the bpm of the song.
